No.C.A.207/2020/DHS
No. CA-35/2021/DHS
MH3- 77153/20/DHS

We are all aware that the covid pandemic has wreaked havoc in our world, and we have been dealing with the second wave of the covid pandemic for the last few months. In the second wave of covid -19 pandemic, we are witnessing a sharp rise in covid infections across the state. The growth in the trajectory of covid 19 in cases and deaths is a matter of concern. The government of India has suggested massively upscale the services rendered through the eSanjeevani telemedicine platform. Specialty OPD services are also being provided through the eSanjeevani telemedicine platform. To expand the services provided through the eSanjeevani telemedicine platform following are the key points.

1. It was decided to launch hemophilia specialty opd services.
2. The pool doctors identified will serve on the eSanjeevani platform according to this schedule
